

Mrs. Shannon's Behavior Plan

We will be reinforcing positive behavior throughout our day.

Located in your child's take home folder will be a monthly calendar. Each day your child will be earning a colored dot for his/her behavior. The children are given 3 warnings prior to moving their clothes pin to another color unless it was an aggressive behavior that warrants moving to red immediately. It is important that you, as parents, reinforce my efforts to maintain good behavior at home. This is especially important when it comes to keeping our "hands to yourself" rule. This is a great way to let the children know that we are working together to help make great choices in our classroom.

We will also have a special chart in our cubbies for you to check daily. We will be looking for good behavior and rewarding the children throughout the day. Each time they are caught being good, without telling a teacher, we will let them put a sticker on his/her chart. When the chart is filled up, they will be allowed to go to our rewards box for a treat. (I am always looking for special treats for our box. Old McDonald's toys, unwanted gift bag treats, etc. make great treats. If you have any throughout the year that you are looking to get rid of, I will certainly take them. Thank you!)

With these positive rewards in place, I am sure we will have a great year!! If for any reason you have a concern about behavior, please contact me as soon as possible so that it can be discussed. I will also be doing the same. We are a team working together for your child!

I am looking forward to a great year!!! 😊
